Microsoft Forms

Presented by: LITS Messaging Team

Visit http://it.emory.edu/office365/Forms.html for more information about Forms.
Microsoft Forms is a simple, lightweight app that lets you easily create surveys, quizzes, and polls. In educational institutions, it can be used to create quizzes, collect feedback from teachers and parents, or plan class and staff activities. In business organizations, it can be used to collect customer feedback, measure employee satisfaction, improve your product or business, or organize company events.

**FAQ for Microsoft Forms**

1. **Open Forms using the Waffle via Webmail**

2. **You will be directed to your My Forms (Home page)**
3. You may choose New Form or New Quiz

4. Choosing New Form Creates a Form that you may add a Title, Description, Questions, and other items.

5. Within the Title you may also insert an Image using the Image button on the right-hand side it will allow you to pull images from the internet and your computer.
